

## **Additional Parking for Edgewood Club Dances**

Edgewood is in a residential neighborhood and has very limited street parking. Please obey all parking restrictions. However, we have secured over a 100 parking spots across the tracks and just a short walk away. Despite all these lots being posted with no parking signs we have gotten permission to park. Do not worry, across the tracks is also a very nice neighborhood.

### **Directions to Parking:**

At the corner of Pennwood and Race Street per your other directions turn left or right depending on your direction and go under the railroad tracks through a short tunnel.

**First Presbyterian Church Parking:** From Race Street Stop sign cross street (Swissvale Ave) onto School St and park in any of the church spots. Ignore the signs.

**Old Train Station:** From Race Street make right on Swissvale Ave and make a right (before light very short distance) into parking lot. There are about 7 spots in this lot.

**Paul Gates & Son Auto Service:** (Old service station) From Race Street make a right to light (very short distance). Make left at light. Auto service is on the corner of light. Make right into lot.

**Edgewood Elementary School:** From Race Street make right, then turn left at light onto Maple Ave. Make first left (very short distant) into parking lot.

There is also on street parking on Swissvale Ave on the store front side.

Washington Ave is also a good place to park. Same side as Club. (Right side)

You will see the Edgewood Club from this side of the tracks. From all these lots you then will walk to the Old Train Station and walk under the tracks (sign for library) through a pedestrian tunnel. The Edgewood Club is then to your left after the tunnel on Pennwood. These are all short walks.
